

The Annual meeting of the
BRITISH SOCIETY OF TOXICOLOGICAL PATHOLOGY (BSTP)
held jointly with the
ASSOCIATION of COMPARATIVE CLINICAL PATHOLOGY (ACCP)
and the
MINIPIG RESEARCH FORUM (MRF)

Rational Selection of the Non-Rodent Species: Toxicology, Pathology and Relevance to Man

*Alderley Park Conference Centre, Cheshire, UK
Thursday 13th and Friday 14th November 2014*

Call for posters and case presentations

Posters

A poster display will be held during the meeting. All scientific topics related to pathology, clinical pathology, rodents and/or non rodent species in toxicology, or new technologies are welcome. Posters which have been recently exhibited at previous meetings will be considered as well. An award for the best poster will be made by the Scientific Committee on Friday 14th November 2014. ***The deadline for abstract submission (approximately 200 words) has been extended to Monday 6th October 2014.***

Case presentations

Case presentations will take place during an interactive session (using a voting keypad system) on Friday 14th November 2014. The oral cases should focus on non rodent species and last 15 minutes. As for the poster session, the best presentation will receive an award from the Scientific Committee. ***The deadline for abstract submission (approximately 200 words) has been extended to Monday 6th October 2014.***

Please do encourage your colleagues to attend; this meeting offers an ideal opportunity for “first time” presenters to exhibit a poster or undertake a case presentation.

To submit an abstract or for any further details concerning posters or case presentations, please contact the BSTP Secretariat: bstpoffice@aol.com
